

Mod Fusion is a completely flexible merchandising system in **Polished Chrome**. It can be freestanding or used against a wall. This multi-purpose system allows for hanging or shelved merchandise.

With ModFusion you can merchandise anything – tops, pants, gift items, accessories, hats, shoes, kitchen gadgets – to name just a few possibilities. The options are limitless! Quick-Snap accessories allow for instant set-up of a variety of configurations, permitting you to hang, fold, or faceout your merchandise. One-piece Quick-Snap shelf supports make changing the displays a breeze. Converting from all hanging to all folded is as easy as removing a hangrail and snapping on a shelf support.

Shown are 2 (No. ECK-SH100GF) Towers, merchandised. You can put a shelf or hangrail in between to extend the units. These units can be freestanding.
